Dear Dr. Sundlof,

~~Please~~ Sir, ban antibiotics used to promote growth in farm animals. It is cruel and it is wrong. It is also cruel and wrong to confine animals to small stalls. HOW WOULD YOU FEEL; HOW WOULD YOUR MIND AND MUSCLES AND BODY REACT TO THAT KIND OF TREATMENT DAY AFTER DAY, HOUR AFTER HOUR. IT IS OUTRIGHT CRUELTY. YOU MUST KNOW THAT!!! ~~Please~~ think and listen.

GOD placed his creatures in ~~our~~ <sup>care</sup>. ~~This is NOT~~ right and using them for experiments or for growth promotion is NOT what God would want of you and the FDA. Stop factory farms. Stop "using" animals. STOP this evil, cruel abuse. Please -- What if it were YOU.

Very sincerely,

*Sally J. Santhoff*
